Magasinez en Couleur!

Tous les verres décoratifs identifiés par une même couleur sont au même prix. Simple et efficace!

Veuillez noter que les catégories de couleur ne s'appliquent qu'au panneau de verre de porte et ne tiennent pas compte des nombreuses options disponibles telles que l'addition de panneaux Exécutifs, de moulures Dynastie, de latéraux et d'autres éléments décoratifs. Parlez-en à votre détaillant, votre spécialiste en portes et fenêtres. Faites comme plus de **750 000 clients satisfaits** et optez pour la qualité et l'originalité Verre Select.

Bienvenue dans notre monde!

Shop with a Color Guide!

All decorative glass products identified with the same colour are the same price. Simple and effective!

Please note that the above categories apply only to the door panels, not taking into account the addition of Executive panels, Dynasty mouldings, sidelights and other decorating features. Talk it over with your retailer, your door and window specialist. Follow the example of **750,000 satisfied customers**. Select the Verre Select option, a guarantee of quality and originality.

NOTE IMPORTANTE / IMPORTANT NOTICE

Les verres « d'art » utilisés dans la production de nos unités décoratives peuvent comporter des irrégularités dans le « patron », de légères bulles et des stries, qui font partie intégrante de cette matière première.

The "art glasses" used in our production of decorative units may show certain variations in the "pattern", light air bubble and channelled glass which are integral part of the product.

Tous les modèles 114 requièrent l'ajout de moulure Dynastie ou de panneaux Exécutifs qui affectent le prix du produit fini.
All the 114 designs require the use of the Dynastie molding or the Executive panel which will modify the price of the finish product.

NOTE IMPORTANTE / IMPORTANT NOTICE

Le procédé d'oxydation utilisé pour noircir les tiges de plomb antique est artisanal et amène des variations de fini et couleur qui font partie du processus. Des zones « rouillées » ressemblant à de la « rouille » peuvent apparaître occasionnellement de façon aléatoire et ne peuvent être considérées comme des défauts.

The technique used for antique welded lead is hand made. A "reddish-brown" colouration, that resembles the look of "rust" is sometimes evident and is inherent of this came product, particularly at the solder joints. This will not be considered a defect.

Les photos présentées peuvent avoir de légères différences de couleurs et de textures avec le produit réel.
The pictures might have some small differences of colors and textures with the real product.

PANNEAUX EXÉCUTIFS EXECUTIVE PANEL SERIES

Panneaux décoratifs haute définition,
**assurez-vous d'obtenir le
produit original.**

*High-definition decorative panel
make sure you buy the original.
Don't settle for inferior imitations.*

Les PANNEAUX EXÉCUTIFS ont changé le monde de la porte d'acier depuis leur introduction sur le marché il y a environ 10 ans. Leur style haut de gamme très «chic» explique le gain de popularité exceptionnel du produit lors de la dernière décennie. Ces panneaux «haute définition» qui évoquent les panneaux ravalés à moulures rapportées des portes de bois traditionnelles, peuvent être combinés avec des panneaux de verre décoratif, pour une multitude de possibilités et d'agencements. Notre collection de latéraux pleine grandeur (111) assortis à une PORTE EXÉCUTIVE peut rehausser le cachet de n'importe quelle résidence.

When we introduced these panels to the market 10 years ago, the EXECUTIVE PANEL series sent a shockwave in the steel door industry, and they have become more popular every year since. These "high definition" panels, inspired by the moldings used on traditional wooden doors, can be used with decorative glass panels, in any number of combinations. Our series (111) sidelight joined to an EXECUTIVE DOOR can add style to any house.

Panneaux haute définition, isolation en uréthane, plusieurs modèles disponibles.
